The above table reflects the annual burden hours to be 123.6 to complete data collection. While the table reflects opportunity costs, this is not a burden incurred by the public for this information collection. The annual burden cost to respondents is zero.

The previous notice estimated total burden hours for this study to be 193.5 total. The total number of burden hours to complete data collection is now 206 based on updates to the time for the Informed Consent and the Demographic Questionnaire. Opportunity costs have been updated to reflect current average hourly wages; however, NHTSA estimates these opportunity costs to be fully offset by compensation provided to the respondents for participation.

Due to COVID–19 shutdowns and precautions, data collection efforts were suspended. NHTSA anticipates additional time beyond the August 31, 2022, expiration date of the currently approved collection to complete this effort. The federal government began this study at $2,581,075 in contract expenses and has added expenses due to the time delays and resulting changes in technology. The total cost expected at this time is $2,954,970, with an annualized cost to the federal government over the expected study time-to-completion of $402,950.

Public Comments Invited: You are asked to comment on any aspects of this information collection, including (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Proposed Collection: Requesting Comments on TD 9584, TD 9734, Form 1042, Schedule Q (Form 1042), Form 1042–S, and Form 1042–T

AGENCY: Internal Revenue Service (IRS), Treasury.

ACTION: Notice and request for comments.

SUMMARY: The Internal Revenue Service, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995. The IRS is soliciting comments concerning final regulations in Treasury Decision (TD) 9584 relating to interest paid to nonresident aliens, TD 9734 relating to dividend equivalents from sources within the United States, Form 1042, Schedule Q (Form 1042), Form 1042–S, and Form 1042–T.

DATES: Written comments should be received on or before October 31, 2022 to be assured of consideration.

ADDRESSES: Direct all written comments to Andres Garcia, Internal Revenue Service, Room 6526, 1111 Constitution Avenue NW, Washington, DC 20224, or by email to pra.comments@irs.gov. Include OMB Control No. 1545–0096 in the subject line of the message.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of this collection should be directed to Jon Callahan, (737) 800–7639, at Internal Revenue Service, Room 6526, 1111 Constitution Avenue NW, Washington, DC 20224, or through the internet at jon.r.callahan@irs.gov.

SUPPLEMENTARY INFORMATION: The IRS is currently seeking comments concerning the following information collection tools, reporting, and record-keeping requirements:

Title: TD 9584, TD 9734, Form 1042, Schedule Q (Form 1042), Form 1042–S, and Form 1042–T.

OMB Number: 1545–0096.

Form Number: 1042, Schedule Q (Form 1042–S, and 1042–T). Regulation Project Number: TD 9584 and TD 9734.

Abstract: TD 9584 contains final regulations that provide guidance on the reporting requirements for interest on deposits maintained at the U.S. office of certain financial institutions and paid to nonresident alien individuals. These regulations affect persons making payments of interest with respect to such a deposit. TD 9734 contains regulations pertaining to Internal Revenue Code (IRC) section 871(m) regarding dividend equivalent payments that are treated as U.S. source income. The regulations provide guidance regarding when payments made pursuant to certain financial instruments will be treated as U.S. source income and subject to U.S. withholding tax.

Form 1042 is used by withholding agents to report tax withheld at source on certain income paid to nonresident alien individuals, foreign partnerships, and foreign corporations to the IRS. Schedule Q (Form 1042) is used by withholding agents to report the tax liability of a qualified derivatives dealer (QDD). Form 1042–S is used by withholding agents to report income and tax withheld to payees. A copy of each 1042–S is filed electronically or with Form 1042 for information reporting purposes. The IRS uses this information to verify that the correct amount of tax has been withheld and paid to the United States. Form 1042–T is used by withholding agents to transmit paper Forms 1042–S to the IRS.

Current Actions: There are changes to the existing collection: (1) Schedule Q (Form 1042) was created to replace the previous requirement to attach a QDD’s tax return. TD 9584 requires that a QDD file a QDD return; (2) the burden for TD 9584, previously reported under OMB control number 1545–1725, is being incorporated in this collection for clarity and continuity; (3) the burden for Form 1042 was recalculated for better estimates; and (4) the number of respondents and responses for all forms were updated with better estimates.

Type of Review: Revision of a currently approved collection.

Affected Public: Individuals, business or other for-profit organizations, estates,
