OFFICE OF THRIFT SUPERVISION

Approval of Applications for
Permission to Organize a Federal Savings Bank and
Holding Company Acquisition

Order No.: 2008-25
Date: July 17, 2008
Docket Nos.: H-4481 and 18100

Wisconsin Physicians Service Corporation, Madison, Wisconsin (Holding Company) has applied to the Office of Thrift Supervision (OTS), pursuant to 12 U.S.C. §§ 1464(e) and 1467a(e), and 12 C.F.R. §§ 552.2-1 and 574.3, to organize and to acquire WPS Community Bank, Madison, Wisconsin (Savings Bank) (collectively, the Applications). The Holding Company has applied to the Federal Deposit Insurance Corporation (FDIC) for deposit insurance under the Deposit Insurance Fund (DIF) for the Savings Bank’s deposit accounts.

The Proposed Transaction

The Holding Company proposes to establish and acquire the Savings Bank, and to hold all of the Savings Bank’s common stock. The Savings Bank intends to offer traditional deposit and lending products.

Permission to Organize Application

OTS may grant a federal savings association charter only: (i) to persons of good character and responsibility; (ii) if, in OTS’s judgment, a necessity exists for such association in the community to be served; (iii) if there is a reasonable probability for the association’s usefulness and success; and (iv) if the association can be established without undue injury to properly conducted existing local thrift and home financing institutions. In addition, OTS must consider whether the association will provide credit for housing consistent with the safe and sound operation of a federal savings association. OTS also considers the initial capitalization of the federal savings association, and the residence and composition of the savings association’s board of directors.

Further, 12 C.F.R. § 563e.29(b) provides that an applicant for a federal savings association charter must submit with its application a description of how it will meet its Community Reinvestment Act (CRA) objectives. OTS is required to take this description into account when considering the application and may deny or condition approval on CRA grounds.
OTS has reviewed the background of the Holding Company and has not found any material information that would lead OTS to conclude that the Holding Company does not have the requisite character and responsibility. OTS has reviewed the backgrounds of the officers and directors of the Holding Company and the Savings Bank. The proposed president and director of the Savings Bank had been an officer and a director of a national bank that was the subject of certain agreements and orders concerning the operations of the national bank. OTS reviewed the nature of the agreements and orders and considered the extent of the individual’s involvement in these matters. Based on its review, OTS concludes that the character and responsibility of the Holding Company and the officers and directors of the Holding Company and the proposed officers and directors of the Savings Bank are consistent with approval.

As for the necessity for the Savings Bank in the community, the population of, and insured deposits in, the Savings Bank’s target market, Dane County, Wisconsin, have grown over the past years. The population in Dane County, Wisconsin, grew approximately 7.4 percent from 2000 to 2005, and is projected to grow approximately 4.68 percent between 2005 and 2010. Deposits in the target market area grew approximately 8.9 percent between June 30, 2006, and June 30, 2007. Accordingly, OTS concludes that approval is consistent with this criterion.

With respect to undue injury to properly conducted existing local thrift and home financing institutions, the Savings Bank will provide a range of deposit and lending products. The Savings Bank’s projected deposits at the end of the first and third years of operations represent less than one percent of the deposits in the target market (using June 30, 2007, deposit information). Thus, OTS concludes that the permission to organize application satisfies this approval criterion.

With respect to the reasonable probability of the Savings Bank’s usefulness and success, OTS reviewed the competence and experience of the proposed management of the Savings Bank, its business plan, and its proposed capital levels. OTS concludes that the business plan is reasonable, that the Savings Bank will have adequate capital, that the Savings Bank will be able to conduct its operations appropriately, and that the Savings Bank’s managerial and financial resources are consistent with a reasonable probability of success. OTS is imposing conditions 5 and 6, below, to help ensure that the Savings Bank operates pursuant to an appropriate business plan and that changes to and from such a business plan are not detrimental to the Savings Bank. To help ensure that the Savings Bank’s probability of usefulness and success is consistent with approval, OTS is imposing condition 7, below, to enable OTS to confirm that the Savings Bank is being operated properly. To help ensure that the Savings Bank’s lending operations are conducted in a safe and sound manner, OTS is imposing condition 8, below. OTS is imposing condition 9, below, to help ensure that the Savings Bank’s management continues to have the necessary competence to contribute to the Savings Bank’s usefulness and success. To help ensure that the Savings Bank’s operations are conducted in a safe and sound manner, that the Savings Bank is in compliance with fair lending laws, and that the Savings Bank addresses the needs of its customers, OTS is imposing condition 10, below.

OTS is imposing condition 11, below, to help ensure that the Savings Bank complies with the requirements applicable to transactions with affiliates. To help ensure the independence of
the Savings Bank’s board of directors, in light of proposed affiliate relationships, OTS is imposing condition 12, below, addressing the composition of the Savings Bank’s board of directors. Condition 12 will help ensure that the Savings Bank is operated safely and soundly and that its probability of usefulness and success is consistent with approval.

Based on the foregoing analysis, OTS concludes that the probability of the Savings Bank’s usefulness and success is consistent with approval, subject to the imposition of the conditions.

With respect to the provision of credit for housing, the Savings Bank will engage in multi-family real estate lending, home equity lending, and 1-4 family residential lending. The Applications indicate compliance with the Qualified Thrift Lender test for all periods based on its lending and other investments. Based on these considerations, and the facts discussed in connection with the probability of the Savings Bank’s usefulness and success, OTS concludes that the Savings Bank will provide credit for housing in a safe and sound manner, subject to the imposition of the conditions.

With respect to capital, the Savings Bank will have more initial capital than is required by OTS regulations regarding de novo federal savings associations, and the Savings Bank plans to be well capitalized throughout its first three years of operations. Accordingly, OTS concludes that the Savings Bank’s proposed capital levels are consistent with approval.

OTS regulations require that a majority of a de novo federal association’s board of directors be “representative” of the state in which the association is located. The majority of the members of the Savings Bank’s board of directors reside in Wisconsin. Therefore, OTS concludes that the Savings Bank meets this criterion.

OTS regulations also require that a de novo federal association’s board of directors be diversified and composed of individuals with varied business and professional experience. The proposed board of directors of the Savings Bank consists of persons from a broad range of professions and experience such as medicine, banking, bank consulting, legal, construction, human resource consulting, publishing, and school system administration. OTS concludes that these persons have sufficiently varied business and professional experiences and meet the regulatory standard.

OTS regulations provide that, except in the case of a de novo federal association that is wholly owned by a holding company, no more than one-third of a de novo federal association’s board of directors may be in closely related businesses. When the holding company does not have substantial independent economic substance, OTS applies the related business criterion to the holding company’s board of directors. The Savings Bank will be a wholly owned subsidiary of the Holding Company, which, by virtue of its other operations, has substantial independent economic substance. Accordingly, OTS concludes that this approval criterion is inapplicable.

With respect to the CRA and OTS’s CRA regulations, the Savings Bank’s CRA assessment area will consist of Dane County, Wisconsin. Based on the Savings Bank’s CRA
Plan, OTS concludes that the Savings Bank has satisfactorily demonstrated that it will meet its CRA objectives.

The Savings Bank’s proposed charter and bylaws conform to OTS regulations in all material respects.

**Holding Company Application**

Section 10(e)(1)(B) of the Home Owners’ Loan Act and the Acquisition of Control Regulations thereunder provide that OTS must approve a proposed acquisition of a savings association by a company, other than a savings and loan holding company, unless OTS finds that the financial and managerial resources and future prospects of the company and association involved would be detrimental to the association or the insurance risk of the DIF. OTS must also consider the impact of the acquisition on competition. Finally, OTS must take into account assessments under the CRA when considering holding company applications.

For the reasons set forth in the discussion of the permission to organize application, OTS concludes that the managerial resources of the Holding Company and the Savings Bank are consistent with approval.

With regard to financial resources, OTS reviewed the Holding Company’s financial position and the Savings Bank’s proposed capitalization and business plan. The Applications demonstrate that the Holding Company will have sufficient resources and that the Savings Bank will meet all of its capital requirements and will be well capitalized, as defined in the OTS Prompt Corrective Action regulation, throughout its first three years of operations. Based on the foregoing, OTS concludes that the financial resources of the Holding Company and the Savings Bank are consistent with approval of the holding company application.

Based on the factors considered in the above discussions regarding the managerial and financial resources of the Savings Bank and the Holding Company, the character and responsibility of the officers and directors of each entity, and the probability of the Savings Bank’s usefulness and success, OTS concludes that the future prospects of the Holding Company and the Savings Bank are consistent with approval, and will not pose undue risk to the DIF, subject to the imposition of the above described conditions.

The transaction will not result in any currently operating, unaffiliated depository institutions becoming affiliated. Accordingly, OTS finds no basis for objection to the transaction on anti-competitive grounds.

With respect to the CRA, the Holding Company has not been subject to the CRA. Accordingly, OTS concludes that there is no basis for objection to the holding company application based on CRA grounds.

**Conclusion**
Based on the information provided with the Applications, OTS’s analysis of such information, and the representations and commitments provided by the Holding Company and the Savings Bank, OTS concludes that the Applications satisfy the applicable approval standards, provided that the following conditions are complied with in a manner satisfactory to the Central Regional Director or his designee (Regional Director).
